### WILLOUGHBY LEAVES L. & N.

Well-Known Construction Engineer Goes With Building Company In Haiti.

J. E. Willoughby, for upward of twenty years engineer specially in charge of construction work on the

Louisville & Nashville railroad, in recent years with the title of chief engineer of construction, has resigned his position with the Louisville & Nashville Railroad Company to accept the office of assistant to the president of the Caribbean Construction Company, which company has under way extensive railroad work in Haiti.

Mr. Willoughby is an unusually capable engineer of railroad construction as railroad builders who have worked with and for him and for the Louisville & Nashville Railroad Company all readily acknowledge. He sailed for Haiti from New York on last Thursday. On his arrival there he will at once assume full charge of all the railroad construction of the Caribbean Company in Haiti.

Mr. Willoughby has a host of friends here, in Tennessee and Alabama, and every one of them heartily wishes him all the success to which his unquestioned abilities entitle him.—Courier Journal.

### GO TO THE OLD RELIABLE M. D. KELLY

to have your eyes examined and fitted with correct glasses; also your fine watch honestly and intelligently repaired. Is always up to date with the best instruments and methods. Over 30 years an optician and jeweler, 25 years a graduate optometrist.

No. 8 North Main Street, Opp. Court House.

## CLAUDE ALLEN IS CAPTURED

First of Fugitive Outlaws to Be Taken, Almost Exhausted by Exposure and Hunger.

### IS GLAD TO BE IN JAIL.

Surrender Gives Renewed Hope of the Taking of Three Remaining Fugitives.

Hillsville, Va., March 29—Starving, sleepless and fatigued, Claude Swanson Allen, namesake of a United States Senator, came out of the laurel thicket in the Blue Ridge yesterday, pointed two six shooters toward the sky and gave himself up to the posse which for nearly two weeks has hunted him.

All day the posses, divided into small numbers, had been following a trail thought to be that of Wesley Edwards, a nephew of the Allens. Claude Allen, the son of Floyd Allen, who was the cause of the court house shooting, had been given up as having escaped.

Claude's capture gives renewed hope of the capture of the three remaining fugitives—Sidna Allen, Floyd Allen's nephew; Friel and Wesley Edwards. Claude stoutly denied any knowledge of the hiding place of the three. He freely admits his own guilt.

A movement has been started among Virginia women to present a gold medal to Jasabel Goad, the daughter of Clerk Goad, who ran to her father's side when he was under fire by the Allen gang and brought a freshly loaded pistol for him to continue the battle. Mrs. William H. Mann, wife of the governor, is heading the movement.

### Newest Invention.

New York, March 29—Moving picture machines that can be safely operated by children in their homes are the latest illustration of the inventive genius of Thomas A. Edison. The parlor apparatus weighs twenty pounds, is eighteen inches in length, ten and one-half inches in height and six inches wide. Mr. Edison has been working two years on the invention. The cost of perfecting it was said to be \$500,000.

## TOP PRICES REALIZED

Tobacco Still Booming And Receipts Break All Records.

### SEASON NEARING THE END.

Probably 1,500,000 Pounds Received During The Present Week.

All records are again being broken by the receipts on the tobacco market this week. It is estimated that 1,500,000 pounds has been delivered this week, about half of it on contracts. The factories are all crowded to the utmost and long lines of wagons stand waiting their turn to be unloaded. Unloading at three doors, there are sometimes enough wagons waiting to take a whole day in being unloaded.

The loose floors have sold probably 750,000 pounds and at high prices.

Some fine leaf has appeared on the market and some sales went as high as \$14.75.

On Wednesday R. E. & W. D. Cooper sold for Jas. and Walter Harned, of Honey Grove, 3800 pounds that brought \$14.75 per hundred.

The same firm on Tuesday sold for J. T. Cahoon, who lives below Lafayette, several loads of tobacco at fancy prices. Four lots of leaf brought \$13.75 common leaf \$10.75 and the lugs \$7.50.

On all of the floors prices ruled strong and the wind-up of the season is highly satisfactory. Quotations are as follows:

|             |       |                  |
|-------------|-------|------------------|
| Trash       | ..... | \$ 500 to \$5 50 |
| Low lugs    | ..... | 5 75 to 6 25     |
| Common lugs | ..... | 6 50 to 7 00     |
| Medium lugs | ..... | 7 00 to 7 50     |
| Good lugs   | ..... | 7 75 to 8 25     |
| Low leaf    | ..... | 8 25 to 9 25     |
| Common leaf | ..... | 9 50 to 10 00    |
| Medium leaf | ..... | 11 00 to 12 00   |
| Good leaf   | ..... | 12 50 to 13 50   |
| Fine leaf   | ..... | 13 75 to 14 75   |

### Stork Kept Busy.

The wife of a mover named McGormick gave birth to twins while their covered wagon was moving along the road near Lawrenceburg, Ind.

The babies have been named Patrick and Lawrenceburg Indiana McGormick.

Mrs. Julia Walsh gave birth to a girl baby on the street in Chicago. She called upon a passer-by for assistance and he summoned a physician who sent mother and child home.

# A COAT OF PAINT

Is extremely thin, but it must bear the burden of "all out doors." Rain or shine, foul or fair, hot or cold, it is on duty every day to protect your building from the elements. And it is marvelous how well and how completely a coating of the right kind of paint—

## L. Z. O.

—performs this work. The property owner who trusts the preservation of his buildings to a cheap paint is taking a great risk—don't you think so? Good paint that will keep out the weather cannot be sold at a less price than L. Z. O. The cheap kind is dear at any price, since the property owner buys paint to protect his property, and unless it affords protection it is worthless.

We have some interesting literature and color cards on L. Z. O. Paint. Call and get one.
